Phil,

I know you made your decision to go with Midcoast Internet in our town over the provider we partnered with because of the cost. I had a face to face with you and also sent you a couple emails stating we were partnering with XpressAmerica. It is my opinion and still is that XpressAmerica can serve this area much better. Here was are now 6 months past and there has been no movement by MIS to service this area.

If it would do any good, the proposal by XpressAmerica covered areas in the town that are preserves. MIS did not. XpressAmerica's proposal could be cut way down taking this information into account. I am wondering if there is a way we could redirect the funding and have XpressAmerica cover this area.

Please advise...

Stuart Smith
Selectman, Town of Edgecomb

Phil and Jason

Attached is a copy of a snail mail of which I mailed to you both yesterday. My email provider has been down for the past four days due to a fail upgrade it is not a perfect world.

The Town of Edgecomb is anxiously waiting for progress. I and the committee understand there will be unknown obstacles ahead that have to be dealt with. Thanks Mike
