# WATERFRONT PROPERTY FOR PUBLIC ACCESS

In order to provide public access to the Sheepscot River now and into the future. We the undersigned residents of the Town of Edgecomb instruct the Selectmen to, convene such public hearing as required and to hold a special town meeting, as soon as allowed by law, to vote on buying the two pieces of property on Cross Point Road offered to the town at a discounted price by Delight and Fred Murray. One piece having 330 feet of shore frontage, a stone pier and dock, the other piece on the opposite side of the Cross Point Road may be a future site for public parking. We further instruct the selectmen to apply to Land for Maine Future for grant funds to help with this purchase.

The above mentioned hearings and town meeting will take place only if the purchase will be financed entirely by the Woods End Boat fund and grant funds from Land for Maine's Future or other funding outside the town's regular budget.
